

Privacy Notice – Photography and Filming

Happy Healthy Together CIC may take photographs and video recordings during our events and activities. These images may be used to promote our work and demonstrate the impact of our projects.

Photos and videos may be shared on our website, social media channels, newsletters and other online platforms. They may also be included in press releases, promotional materials and reports provided to current or prospective grant funders and partners.

If you do not wish for yourself or your child to be directly photographed or filmed, please let us know by email on info@happyhealthytogether.co.uk, and identify yourself to a member of staff at the start of the event.

We will take reasonable steps to respect your request; however, as this is a public group event, we cannot guarantee that you or your child will not appear incidentally in the background of photographs or video recordings.

For any questions about how we use photographs, videos or personal information, please contact Happy Healthy Together CIC on the email address above.
